20<sup>th</sup> November 2020

Dear Parents / Carers

This term, we will be teaching the Sex Education part of our Relationships, Sex and Health Education curriculum. We will be using the Christopher Winter Sex and Relationships project materials to deliver this teaching. This was due to be taught in Summer 2020, therefore, below are the learning outcomes for this unit of teaching in Year Two:

- Understand that some people have fixed ideas about what boys and girls can do.
- Describe the difference between male and female babies.
- Describe some differences between male and female animals.
- Understand that making a new life needs a male and a female.
- Describe the physical differences between males and females.
- Name the male and female body parts.

Here are some websites that provide support for parents talking about Sex Education at home:

<https://www.nspcc.org.uk/keeping-children-safe/support-for-parents/talking-about-difficult-topics/>

<https://www.fpa.org.uk/relationships-and-sex-education/parents-and-carers>

If you have any questions or concerns, please feel free to contact your class teacher, or Mrs Young our PSHE lead.

Yours sincerely,

Miss Chislett & Ms Gray
