4th October 2021

Dear Parents/Carers,

On Monday 18th October the children in Year 2 will welcome a special visitor, a beekeeper, to our classroom. The session has been designed to fit our topic this term, Wriggle and Crawl. The beekeeper will visit Castle Mead School and work with the children, following COVID guidelines, to support their understanding of the lifecycles of bees and their role in pollination. Children will have the opportunity to investigate examples of natural and manmade beehives, and discover how honey is used in some of the products we buy. The visitor will not be bringing live bees into school.

This is a fantastic opportunity for the children to learn about living things and it will provide them with plenty of inspiration for the writing they will be completing this term. The cost of the visitor will be £1.00 per child. Please visit the Sims Pay website (now known as Pay360) to make your payment. It will be available under the 'Events' section.

Thank you for your support,

Mr Davies and Miss Thompson
