Hello Mrs Larkham, I would like to ask if the incident in which my daughter was injured has been clarified? On Tuesday, my daughter (Alicja Gudzowska Y4) was hit on the head from behind with a plastic object by her classmate and she had a headache the whole next day. When I picked her up from school on Wednesday I decided to talk to Mrs. Ball's teacher about solving this problem. Because Alicja had a fever on Wednesday and the headache has not gone away, she is still staying at home under observation. In this situation, I am not able to go to school and I am asking for information regarding this matter.

I would be grateful for information on this subject.

Kind regards
